

## REMARKS

In the Office Action mailed May 16, 2008, claims 1-29 were allowed and claims 30-36 rejected. Claims 30-36 have been cancelled with the result that all pending claims are allowable.

Cancellation of claims 30-36 has been made only to speed allowance of the remaining pending and allowable claims. The Applicant disagrees that the cited prior art renders claims 30-36 unpatentable. The cancellation of those claims is not an admission that the subject matter of those claims is not patentable, that the current rejections of those claims are proper or correct, that the cited prior art discloses or suggests subject matter claimed in those claims, or otherwise an admission regarding patentability of those claims. These cancellations are not directed to patentability. Applicant reserves the right to pursue the allowance of the cancelled claims in one or more future filings, including in a continuing application.

Respectfully submitted,

GREER, BURNS & CRAIN, LTD.
